PRESS COMMUNIQUÉS.

Stanehouse Hall, May 12, 1936.

No. 5.—Since the issue of the communiqués of the 6th instant, public interest has largely centred round the question of registration as voters of persons eligible only on literacy qualifications. Wide publicity has already been given to the provision in the rules requiring such persons to fill in the form of application prescribed for the purpose in their own handwriting either in the presence of the registration officer or an officer duly authorized for the purpose or under the certificate of a village officer or an officer of the superior services in any Government department.

2. Heads of Departments and Collectors have been informed that for the purpose in question any Government servant not lower in rank than a lower division clerk will be deemed to belong to the "superior" services. Heads of Departments and offices have also been required to instruct their subordinates to comply with requests from eligible persons for certification of literacy.

3. The time for the presentation of applications has been extended up to the 31st May in the case of the City of Madras and up to the 30th June elsewhere.

In district, registration officers and others empowered to perform the duties of registration officers have to go from place to place for receiving these applications. It is not therefore possible to allow the extension of all the applications to a distant fixed date mentioned above. The time which it will be able to give to areas visited earlier will necessarily be a little shorter than in other cases. To mitigate hardship, however, it has been arranged that a date is fixed for the presentation of applications for different areas in a district between the commencement of the itinerary of the officers and the 30th June must not be rigidly adhered to; that is to say, applications received up to and inclusive of the 30th June from eligible persons in any part of the district will be accepted if they are presented to the appropriate authority.

Stanehouse Hall, May 16, 1936.

No. 7.—

Enquiries are constantly being received in regard to the scope of the statutory provisions for enrolment of persons on the electoral rolls of the territorial constituencies of the new Provincial Legislature Assembly, as applications being made therefor. For the avoidance of doubt, the public and registration officers alike are hereby informed that, subject to general requirements as to age and residence being fulfilled, a British subject, who claims to be included in the electoral roll by virtue of the undermentioned qualifications, shall present an application in the manner and to the authority already specified :—

'General constituencies,
Mohammadan constituencies,
Indian Christian constituencies,
European constituency, and
Anglo-Indian constituency.

(1) Occupation as sole tenant throughout the financial year 1935-36 of a house in respect of which property-tax or house-tax has been paid for both the half years of that year. [Paragraph 2 (c) of Part II of the Sixth Schedule to the Act.]

(2) Being throughout the said year 1345 F. karnamdar or kudikaimaidar or the holder of a kudiyiruppu or a verumpattamdar having fixity of tenure. [Paragraph 3 (c) of Part II of the Sixth Schedule to the Act.]

(3) Being throughout the said year 1345 F. mortgagee with possession or lessee under a registered instrument of immovable property in the province (other than house property) of an annual rent value, in the case of an urban constituency of not less than one hundred rupees and in the case of a rural constituency of not less than fifty rupees. [Paragraph 3 (d) of Part II of the Sixth Schedule to the Act.]

(4) Being a registered joint holder of property entitling to registration under the provisions of paragraph 4 of Part II of the Sixth Schedule to the Act.

(5) Being the guardian of a minor who, by virtue of the provisions of paragraphs 2 to 4 of Part II of the Sixth Schedule to the Act, would have been entitled to be included in the electoral roll for the constituency if he were of full age and satisfied the requirements of paragraph 3 of Part II of that schedule. [Paragraph 5 of Part II of the Sixth Schedule to the Act.]

(6) Being a literate. [Paragraph 6 of Part II of the Sixth Schedule to the Act.]

(7) Being the wife of a retired, pensioned or discharged officer, non-commissioned officer, or soldier of His Majesty's regular military forces. [Paragraph 9 (b) of Part II of the Sixth Schedule to the Act.]

With a view to ensuring that persons not possessing the qualifications in question are not enrolled, the Governor in Council has considered it necessary that in all these cases applications should be made in person to the prescribed authority, i.e., the registration officer or an officer empowered to function as such for the purpose.

Instructions have been issued for the supply of forms of application in English and in the vernaculars to the public from revenue and municipal offices. If any person or persons do not find it convenient to obtain the required forms from these offices, there is no objection to their using exact replicas of the prescribed form, provided they are printed or typed.

In the office Notice R C.C. No. 2427/30, dated 10th February 1930, the President of the Panchayat, Kumbla Panchayat Board, Shiyali taluk, Tanjore district, was directed under section 43 (1) of the Madras Local Boards Act, 1920, to show cause why he should not be removed from office for the following reasons:—

(1) He has deputed, in spite of repeated instructions to the contrary, part of panchayat funds to December last in the Co-operative Bank and only a part of only Rs. 220-12-0, in the Savings Bank, when the whole sum should have been deposited in the latter bank

(2) He maintains a common account for panchayat funds and samudhayam contrary to the instructions issued to him by the District Panchayat Officer, West Tanjore.

(3) He has neglected the roads which are in a deplorable condition

(4) No lights are maintained.

(5) He has failed to admit Adi-Dravida boys into the panchayat school.

The explanation offered by the President in his letter, dated 23rd February 1930, is quite unsatisfactory and cannot be accepted. It is clear that he is against the admission of Adi-Dravida boys into the panchayat school. In exercise of the powers delegated to him by the Local Government under section 233 of the Madras Local Boards Act, 1920, and in virtue of the powers conferred under section 43 (1) of the said Act, the Inspector of Municipal Councils and Local Boards hereby removes M R Ry. Vizagapatam.	Tanjore.
Cocanada.	Trichinopoly.
Rajahmundry.	Madura.
Ellore.	Tinnevelly.
Masulipatam.	Bangalore.
Guntur.	Salem.
Nellore.	Coimbatore.
Kurnool.	Ootacamund.
Anantapur.	Calicut.
Bellary.	Tellicherry.
Cuddapah.	Mangalore.

Vellore.	Ernakulam.
Chingleput.	Trichur.

N.B.—Should the number of candidates who have applied to be examined at any one of the above centres fall short of *fifty*, the candidate that selected that centre must be prepared to proceed, at their own expense, to the nearest centre where the examination may be held. Timely notice will be given to the candidates concerned.

NOTE.—Berhampur is included in the list of centres provisionally. If, however, it is decided subsequently not to hold the examination at Berhampur, the candidates who have selected this place as centre will have to proceed at their own cost to some other centre at which they may be desired to appear.

If a candidate who belongs to one Indian State selects a centre in another Indian State, he should submit his application for admission to the examination through the educational authorities of the State to which the centre selected belongs, so that they may have an opportunity of sanctioning the selected centre and directing the candidate to select a centre in the State of which he is a resident. When objection is not taken, candidates may conclude that their names will be registered for examination at the centres mentioned by them in their applications.

6. No notice will be taken of the application of any candidate who selects a centre which is not in the above list, and no candidate will be allowed to name more than one centre. No candidate will on any account be allowed to change the centre of examination selected in his application, which must invariably be the place where he is employed or ordinarily resides or should it not be a centre the place nearest to it where the examination is held. A candidate appearing for examination at a centre other than the one mentioned by him in his application must be prepared to have his examination cancelled.

7. In addition to the above centres, the Commissioner will be prepared to arrange for the holding of the *Written* examinations in the subject at any other place if he is satisfied that not fewer than *fifty* candidates are likely to offer themselves for examination, and if it is advisable to make such place a centre. Applications for the inclusion of such place or places in the list of centres should be made to the Commissioner through the local school canal or other authorities concerned before the 30th May 1936. Ordinarily, however, only one place will be constituted a centre for each district.

8. Candidates whose Examinations, either Written or Oral and Practical, cannot be arranged for at any place must, at their own expense, proceed to Madras or to the nearest centre where they are held in the subjects in which they appear. The Oral and Practical Examinations in the subject will be held at those places only where satisfactory arrangements can be made for the conduct of such examinations.

N.B.—To guard against disappointment in the case of each of the Oral and Practical Examinations as may be held after the Written Examinations, candidates are hereby warned to refer to Part I-B of the *Fort St. George Gazette*, Pub. Date to time, as to intimation will be sent in time.

SCALE OF FEES, WHEN AND WHERE TO BE REMITTED BY CANDIDATES.

10. (a) Candidates who are employees of the Government of Madras and who desire to be exempted from payment of the prescribed fees should send in so as to reach this office not later than the specified under paragraphs 27 and 28, their applications through the head of the office, in which they are employed, together with a certificate from the appointing authority to the effect—

or

(ii) that it is prescribed as qualification necessary for the candidate to continue in his post without penalty,

or

(iii) that it has been newly imposed on the candidate already in the service concerned.

(b) The applicants should furnish the following particulars also through the officer granting them the certificate for exemption from payment of fees:—

(1) The specific clause [vide (i), (ii) and (iii) above] under which the applicant's case is covered,

(2) if the applicant's case is covered by clause (ii) or (iii), the subject with grade for which, the year, the session (i.e., the monthly examination when, the centre where and the number of items he appeared for the examination availing himself of the concession of exemption from payment of fees; or if the fee had been paid at any time previous to this refunded to him the year and the session of examination to which such refund related as also the amount of refund made in respect thereof.

(c) Certificates for exemption from payment of fees submitted by candidates in respect of previous sessions of examination cannot hold good for the session to which are applying and no copy of certificate can be accepted. In

is therefore incumbent upon the candidate to obtain and furnish from the appointing authority and submit the same along with the prescribed application form duly filled up.

In the absence of the particulars required as above, the applicants will distinctly understand that their cases will not be considered.

11. 12. Applications for admission to the examinations submitted after the prescribed date will be entertained only on payment of a penal fee of one rupee each and no such application will be entertained after the lapse of fifteen days from the prescribed date.

13. *On no account will the fees be received in the Commissioner's Office whether sent in cash or by Post Office orders. Neither MO coupon nor any temporary receipt that may have been granted, can be accepted. It is, therefore, incumbent upon the candidate to obtain a receipt from the Treasury Officer to whom the amount was sent and forward the receipt so obtained to the office at once, care being taken to see that this receipt also reaches the office by the date prescribed for the submission of applications. No application will be registered unless it reaches the Commissioner's Office by the date prescribed.*

14. *The fee paid will, in no case whatsoever, be refunded nor will it be reserved for a subsequent examination. Neither will any excess fee that may have been inadvertently paid be returned. Candidates are warned to study the Notification carefully and satisfy themselves before remitting their fees, that they fulfil the prescribed conditions of admission to the examination and that they can, if necessary, proceed, at their own expense, beyond the limits of the examination centre selected by them, for the purpose of undergoing the Written or the Oral and Practical examinations.*

20. Only one centre ought to be selected by each candidate, although he may offer several subjects for examination and come up for different grades. The centre selected must invariably be the place where he is employed or ordinarily resident. All pupils coming up from the same institutions must select the same centre, and the applications of all of them should be forwarded together (along with a covering letter stating the number of applications and also the names of applicants) by the head of that institution; no application of any private candidate being enclosed with those applications.

9 Any rates accepted and contracts entered into will be subject to confirmation by Government whose decision shall also be final in all questions of infringement.

10 No article is to be supplied to the Institute except on a requisition signed by the Director or some responsible person or persons authorised by him in writing to do so.

11. No advance of cash will on any account be made to the contractors when giving orders nor will the Institute pay freight or other charges on consignments to be afterwards deducted from bills.

12. Payment will be made on monthly bills, fractions of a rupee in the totals of contractor's bills shall be rounded off to the nearest rupee (i.e., fractions of less than half a rupee are disregarded and half a rupee and over are taken as a rupee). The total of bills for less than Rs 25 shall be rounded off to the nearest anna (i.e., amounts below an anna are disregarded and six pies and above are taken as an anna).

13 In addition to any difference in prices that may be recoverable from contractors on account of purchase rendered necessary elsewhere by failure, neglect or refusal on their part to supply according to the terms of the agreement, a fine not exceeding 10 per cent of the deposit money will be levied at the discretion of the Director for each and every such case of default. For repeated infringement of the stipulations of the contract or for other justifiable reasons, the contract may also be annulled with the sanction of the Government, all losses sustainable by the Institute in consequence of the annulment being recovered from the security deposited by the contractors or other money due to them and in the case of any residue by legal measures if necessary.

15. The calves hired out will be released after the vaccine operations thereon have been carried out and when no longer required. In the event of any casualty occurring among the accepted calves during the period of detention at the Institute the Institute will indemnify the contractor at the rate of Rs. 2 per calf.

16. The respective contractors should remove the done calves within twenty-four hours after they are released. Calves not so removed will be disposed of by private sale or otherwise and the amount thus realized, less departmental expenses incurred, will be paid to the contractors. TENDER FOR EXCAVATING CHALUVUR BRANCH TAKING OFF AT 1 MILE 2,720 FEET OF EAST MAIN BRANCH.

Tenders will be received by the Executive Engineer, Kistna Western Division, at his office at Bezwada up to 4 p.m. on 8th June 1936 for the work of excavating Chaluvur branch taking off at 1 mile 2,720 feet of East Main Branch.

The tender should be in the prescribed form obtainable from the Executive Engineer's office.

2. Tenders must be submitted in sealed covers, and should be addressed to the Executive Engineer, Kistna Western Division, the name of the tenderer and the name of the work being noted on the cover.

If the tender is made by an individual, it shall be signed with his full name and his address shall be given. If it is made by a firm, it shall be signed with the co-partnership name by a member of the firm, who shall also sign his own name, and the names and address of each member of the firm shall be given. If the tender is made by a corporation, it shall be signed by a duly authorised officer who shall produce with his tender, satisfactory evidence of his authorisation. Such tendering corporation may be required, before the contract is executed, to furnish evidence of its corporate existence.

3 Each tenderer must pay, as earnest money, a sum of rupees two hundred only into the branch of the Imperial Bank of India or into the Government treasury or sub-treasury within the jurisdiction of the Executive Engineer concerned to the credit of Revenue Deposits on behalf of the Executive Engineer of the Eastern Western Division and enclose with his tender the challan endorsed accordingly. This earnest money will be refunded to the unsuccessful tenderer on application, after intimation is sent of rejection of the tender or at the expiration of two months from date of tender, whichever is earlier. This refund will be authorised by the Executive Engineer by suitable endorsement on the challan. The earnest money will not be received in cash or currency notes by the Public Works Department officers.

The earnest money will be retained in the case of the successful tenderer and will not carry any interest. It will be dealt with as provided in the tender.

4 When a tender is to be accepted, the tenderer whose tender is under consideration shall attend the Division office on the date fixed by written intimation to him. He shall forthwith upon intimation being given to him by the Executive Engineer of acceptance of his tender make a security deposit of rupees two hundred only in one of the forms prescribed in the Madras Public Works Account Code and sign an agreement in the proper departmental form for the due fulfilment of the contract. This security deposit together with the earnest money and the amount withheld according to clause 69 of the standard preliminary specification of the Madras Detailed Standard Specifications will be returned as security for the due fulfilment of the contract. Failure to attend the Division office on the date fixed in the written intimation of such officer, or to enter into the required agreement or to make the security deposit as defined in this paragraph shall entail forfeiture of the earnest money.

5. The tenderer shall examine closely the Madras Detailed Standard Specifications, and also the Standard Preliminary Specification contained therein, and sign the Divisional Office copy of the Madras Detailed Standard Specifications and its addenda volume in token of such study before submitting his tender and rates which shall be for finished work in situ. He shall also carefully study the drawings and additional specifications and all the documents which form part of the agreement to be entered into by the accepted tenderer. The Madras Detailed Standard Specifications and other documents connected with the contract such as specifications, plans, descriptive specification sheet regarding materials, etc., can be seen at any time between 10 a.m. and 5 p.m. on office days, in the office of the Executive Engineer, Eastern Western Division.

6. The tenderer's attention is directed to the requirements for materials under the clause "Materials and workmanship" in the "Preliminary Specification" Materials conforming to the British Standard Specifications shall be used on the work, and the tenderer shall quote his rates accordingly.

7. Every tenderer is expected, before quoting his rates, to inspect the site of the proposed work. He should also inspect the quarries, and satisfy himself about the quality and availability of materials. The names of quarries, kilns, etc., wherefrom certain materials are to be obtained will be given in the Descriptive Specification Sheet. The best class of materials to be obtained from the quarries or other source defined shall be used on the work. In every case the materials must comply with the relevant standard specification. Samples of materials as called for in the standard specifications, or in this tender notice, or as required by the Executive Engineer in any case, shall be submitted for the Executive Engineer's approval before the supply to site of work is begun. If the contractor, after examination of the source of materials defined in the Descriptive Specification Sheet, is of opinion that materials complying with the standard or other specifications of the contract cannot be obtained in quality or sufficient quantity from the source defined in the Descriptive Specification Sheet, he shall so state clearly in his tender and state wherefrom he intends to obtain materials, subject to the approval of the Executive Engineer.

The Government will not, however, after acceptance of a contract rate pay any extra charges for lead or for any other reason, in case the contractor is found later on to have misjudged the materials available. Attention of the contractor is directed to the standard "Preliminary Specification" regarding payment of seigniorage, tolls, etc.

8. The tenderer's particular attention is drawn to the sections and clauses in the standard "Preliminary Specification" dealing with—

(1) Test, inspection and rejection of defective materials and work.
(2) Carriage.
(3) Constitution plant.
(4) Water and lighting.
(5) Cleaning up during progress and for delivery.
(6) Accidents.
(7) Delays.
(8) Particulars of payment.

The contractor should closely peruse all the specification clauses which govern the rates which he is tendering.

9 A schedule of quantities accompanies this tender notice. It shall be definitely understood that the Government does not accept any responsibility for the correctness or completeness of this schedule, and that this schedule is liable to alterations by omissions, deductions, or additions at the discretion of the Executive Engineer, Eastern Western Division, or as set forth in the conditions of contract. The tenderer will, however, base his lump-sum tender on this schedule of quantities. He should quote specific rates for each item in the schedule, and the rates should be in rupees, annas, and in annas of three pies. The rates should be written both in words and figures and the units in words. The tenderer should also show the totals of each item and the grand total of the whole contract, and quote in the tender a lump-sum for which he will undertake to do the whole work subject to the conditions of contract. The schedule accompanying the lump-sum tender shall be written legibly and free from erasures, overwritings or conversions of figures. Corrections, where unavoidable, should be made by crossing out, initialling, dating and rewriting.

10. Tenders offering a percentage deduction from or increase on the estimate amount, and those not submitted in proper form or in due time will be rejected. Rates or lump-sum amounts for items not called for shall not be included in the tender. No alteration which is made by the tenderer in the contract form, the conditions of contract, the drawings, specifications, or quantities accompanying same will be recognized, and, if any such alterations are made, the tender will be void.

11 The tenderer should work out his own rates, without reference being made to the Public Works Department current schedule of rates or to the Public Works Department estimate rates which are not open for inspection by tenderers.

12 The attention of the tenderers is directed to the contract requirements as to the time of beginning work, the rate of progress, and the dates for the completion of the whole work and its several parts. The following rate of progress and proportionate value of work done from time to time, as will be indicated by the Executive Engineer's certificates of the value of work done, will be required. Date of commencement of this programme will be the date on which the site (or premises) is handed over to the contractor.

Period after date of commencement.	Percentage of work completed (based on contract lump-sum amount).
Three months	30 per cent.
Six months	45 per cent.
Nine months	60 per cent.
Twelve months	85 per cent.
Fifteen months	100 per cent.

13. No part of the contract shall be sublet without written permission of the Executive Engineer nor shall transfer be made by power-of-attorney authorising others to receive payment on the contractor's behalf.

14. If further necessary information is required, the Executive Engineer of the division will furnish such, but it must be clearly understood that tenders must be received in order, and according to instructions.

15 The Executive Engineer or other sanctioning authority reserves the right to reject any tender or all the tenders without assigning any reason therefor.

16 The successful tenderer is expected to arrange for the collection of materials as soon as the agreement is accepted so as to facilitate starting of work

17. No separate payment will be made for pumping or baling water. The cost of all works necessary for de-watering, and protecting foundations must be included in the unit rates quoted.
